

1st INTERNATIONAL DONOR MILK RESEARCH CONGRESS
Milan, November 6th, 2018
organized by EMBA

8:15: Greetings

08.30 – 9:40: EMBA Working Groups (10 min+5 min discussion)

Recommendations for establishment and management of HMBs (G Weaver)
Processing of human milk (G Moro)
Fortification of human milk (S Arslanoglu)
EMBA European survey on HM banking (A Wesolowska) (15 m + 10 m disc)

9:40 - 10.10: Break & Poster viewing

10.10 - 11.10: Invited Speaker's Conference

J Rodriguez The human milk microbiota: implications for human milk banks and NICUs

11.10 – 12.30 Short Communications (10 min + 10 min disc)

SC1. Maria Enrica Bettinelli, MD, IBCLC on behalf of Elacta Board 2018-2020. The role of Elacta in the human lactation world. Italy

SC2. Reimers P, Shenker N, Weaver G, Coutsoudis A. Using donor human milk to feed vulnerable term infants : a case series in Kwazulu Natal, South Africa.

SC3. Kaminska-El-Hassan E, Witkowska-Zimny M. Comparing the effect of topical application of human milk and dry care on umbilical cord separation time in healthy newborns. Poland.

SC4. Gialeli G, Kapetanaki A, Dritsakou K, Ioannoy I , Liosis G. Improved outcomes from feeding with donor mother preterm milk (DMPM). Greece.

12.30 - 13.30 Lunch Break & Poster Viewing

13:30 – 14:30 General Assembly (including new Board election, and new Officers election)

14.30 - 16.30 Short Communications (10 min + 10 min disc)

SC5. Kontopodi E, Hettinga K, Stahl B, van Goudoever JB, Van Elburg R. Bacteriostatic properties and lipase activity of human milk following different processing methods. The Netherlands.

SC6. Donalisio M, Civra A, Rittà M, Francese R , Tonetto P , Coscia A , Giribaldi M , Cavallarin L, Moro G , Bertino E, Lembo D. High Temperature-Short Time Pasteurization has a lower impact on the antiviral properties of human milk than Holder pasteurization. Italy.

SC7. Wesolowska A , Barbarska O, Strom K, Oledzka G, Pawlikowska E, Gierz K , Rzoska S. Assessment of the biological activity of pascalized human milk after liophilization. Poland .

SC8. Liotto N, Mallardi D, Perrone M, Tabasso C, Piemontese P, Roggero P, Mosca F. Impact of target fortification of donor human milk on osmolarity and microbiological safety. Italy.

SC9. Donalizio M, Rittà M, Francese R, Tonetto P , Coscia A, Giribaldi M , Cavallarin L , Moro G, Bertino E , Lembo D. Antiviral activity of colostrum-derived exosomes. Italy.

SC10. Cassidy T, Mahon B, Dykes F. Donor human milk, maternal lifestyle choices, and transdisciplinary research. Ireland.

16.30 : Closure of the meeting
